> The youths called a taxl and were taken to the home of a Marion physician for treatment. They are Hisrvey Lehman, 22, and Clayton Lehman 19, both of 781 Oak Grozavenue Jack Waters 20 of 418 Olicey avenue, and Ivan Jorean, 19 of Carhart street, and Jones All were cut and brussed, and the older-Lehman youth was unconscious for neveral minutes.

Lehman youth was unconscious for asveral minutes.

The second accident occurred on Wildcat pike at 11 p m Saturday north of LaRue just east of the intersection of State route 37, at Raiph Carcy, 55 of north of Larue, his wife and son were returning home. Just as they turned into Wildcat pike, a stray horse loomed in front of their automobile Carcy was unable to stop his car which cashed into the animal killing it in stantly. The windshield of the car and a headlight were broken Mrs. Carcy was cut about the month by the glass and bruseed.

The animal was one of three which broke from a fenced field on the farm of Ed Virdon about a half mile away. Two of the horses had good to the farm of a neighbor. Mr. Carcy told Sheriff Fred F Miller who investigated the accident that the darkness of the fairnt everyled kim siret with the reservated kim siret and the rais necessaled kim siret and the rais necessaled kim siret with the carkness of the siret and the rais necessaled kim siret who investigated the accident that the darkness of the siret and the rais necessaled kim siret and the rais necessaled siret and the rais n

SOME FAMOUS INAUGURATIONS

Presidential inaugurations have given the nation some of its most colorful dramatic days. Some inaugurations have gone into history because of the persons who entered the presidency on those days, others are just as famous because they marked the passing of great ligures from public life. With Franklin D. Roosevelt's second induction on January 20, Alexander B. George, Associated Press Festure Bervico writer, has dug into contemporary. has dug into contemporary accounts and described the most biliving of these core-montes. The first of his three stories appears today in The

SERVICE ASKED **DEMOCRATS**

From Time to Time

VICTORY AT POLLS CITED Expects It Will Make Tasks

Easier and Second Term Triumphs Greater.

By The Assacinité Free COLLIMBIUS O Jan 11-Got Martin I Dave, called today it his inaligural address for (cam work and the highest order of public states from the Assacine from the Control of the Contr overwhelmingly in contro of government

office Davey spoke in general terms of government policy and philosophy of public service, The specific program

on-coming administration will be treated step by step in messages to the legislature and such in dividual public anatoments as may

dividual public statements as may be deemed wise and appropriate Piedges Service.

Fiedges Service Telegre and supporters in Columbus huge downtown auditorium, the dapper eshoulties piedged a government of service thousands and tectitude shortly after taking the oath of office at the east house Expressing hops for a second term even better in its constructive services to the people of Ohio, Davey said

Davry said The thing that weighs most The thing that weighs most iteratily upon my consciousness is the overwhelming nature or the Democratic victory in the sials and make our common tasks easier and he the logical fatorunger of great or triumphs in the future.

This were situation calls for the

re as to crippie light and description service figured in the danorthion service figured in the danorthion of weather resided.

The Ohio river was within exact fitted and the fitted and the fitted that another the fitted and the fitted that another the fitted and the fitted that are confidence could easily description or fitted fact that fitted and fitted and fitted that are fitted and fitted

He added that all this means must rise above partisanship

must rise above partinamining Discussing party joyalty, Davny and 'a person would be an ungrateful wretch if he failed to appreniate the loyal support given to him 'and added 'I believe that one to obligated to make most of the appointments from his own party, both as a matter of paying his debts and to surround himself with local coworkers who are genuinely interested in the success of an admin intration "

Gov Davay plaged 'Ohto is suc-

yell, and said 'we may be thankrul indeed that our federal government has at the helm a President who is committed to the pathway or peace through an abhorence
of war

Says Prosperity Increases

He told his hundreds of listeners
that "the depression has largely
disappear-d," that prosperity "is
rising steadily and persistently,
and that, "America is on its way
once more We can now proceed
with renewed hope and confidence."

The executive said that if his

dence."

The executive said that if his administration were new the situation would call for announcement of a definite program, but that part of this aiready had been outlined in a message to the insistance and that other major legislative proposals are now ready for introduction to the general assembly.

"So far as we have been able to learn from old observers, this situation sets a new record of promptuation sets a new record of promptuation sets a new record of promptuation sets a new record of promptus.

lears from old observers, this sit-uation sets a new record of prompt-ness in the formulation of a pro-gram and the preparation of the bills through which it is sought to be carried only, he said. He spoke of bis first two years in words of "genuine pride and gratification," and added that "I ofter no apologies, but refer to it

Be Curbed or Dropped

By The Associated Pres

WASHINGTON Jan 11-Presi dert Roomeli whipped together the final details of his program to reorganize the federal gov ernment with afficiency rather than sconomy the primary goal

He will let congress decide after nutlining his proposals in a mes age tomorrow who her any fed aral action es should be abandoned

or curtailed.

Mr Roosevet explained his ideas
for regrouping the manifold govariment agencies on a functional
base to Vice Precident i arrait.

Speaker Bankhead and the outer
Democratic leaders at the White
House lae jesterday.

Cabinet To Meet

Cabinet To Mert

The cabinet a turn for an advance
pek at the report of his special in
vestigating committee came today
as congress began its second were
with only routine business at hand
Amid rumors of major consolida
tions impending pless of save my
job if necessary were reaching
the capitol from officehoiders.
Some officials believed four prin
elpsi reorganization suggestions
might be made

1 That a welfare department of
cabinet rank be set up to take over
the model security and relief
systems and possibly educational
agencies

That almost all governmen

construction activities such as roads public works allolments encouragement of houging atc be combined possibly under another Conservation Department

Conservation peparament

3 That the department of the
interior be made a conservation de
sartment in time with Secretaryreas preference and be given conreastion duties now exercised by
the agriculture and other depart
the further than the conservation of the conservation for the conservation of the conants along with juri-diction over

ments along with jurisdiction over the civillan conservation corps 4. That should log rolling threaten achievement of reoganiza tion by congress the authority for minor shifts and consolidations be entrusted to the President.

Chairman Byrd Democrat of Virginia of the sanate committee studying reorganization planned to inake on economy as an objective as well as efficiency. He would consolidate many of the 24 lending agencies for example to prevent overlapping and wrate. Would-ba economizers in congress appeared in a minority vocally at least but nevertheless determined to try to keep the immediate work relief appropriation below the \$550 doubter of the studying the propriation below the \$550 doubter of the budget Legislatures from six western states handed behind Sen Bone Democrat of Washington to seek \$850 december 1.

DOUGOO mentioned in the budgot Legislature from alx western states handed behind Sen Bone Demo crat of Washington to seek \$800 months of the control of the control of the control of the control of the constitutional amendment together in conference proceeded with Sen Norris Ladgement of Nebrash agreeing to head the group At a luncheon forum of the Independent Legislative bureau in suggested congress take issue with agreeing court interpretations of labor legislation by moving simultaneously to restrict the court prover by atatute and amendment NEW DEAL SCORES

VICTORY IN COURT

(Continued from Page One)

Profiteering at the public expense It said the tax was in tenued to keep apeculators from forcing the price of silver up while the measure was under constreasing the price of silver up while the measure was under control challenged.

Period vol Univasonable We think the period of retroachisty fixed in the act is not ursasonable. Van Davanler said chall consistent with the period of the last surver of Clausinant in the control of the regislation was in the consistent with the practice of the regislation of the collidient was some in a survey of the constitution of the collidient was an itemed to keep apeculators from forcing the price of silver up while the measure was under control of the constitution of the collidient was a control of the collidient was a collidient was a collidient of the collidient was a collidient of the collidient was a collidient of the collidient was a collidient w

Clipped First Term Costs Roosevelt \$8,000 in Pay

By The Associated Press
WASHINGTON, Jan. 11.—It will cost Franklin D. Rocsevelt more than \$6,000 for the privilege of being the first President inaugurated on Jan. 20.

Moving the ceremony forward from March 4 clipped 42 days of Mr. Roosevelt's first term and proportionately trimmed his \$75,000 a year salary.

The change was made by the 20th amendment to the Constitution, which pul an end to "lame duck" esssions of congress. Placed before the states in March, 1922, the amendment became effective in October, 1933. It switched the beginning of congressional terms to Jan. 3.

Coldder Weather Expected.

Records show the new date carries greater possibility of brist inaugural weather. Jan. 20 is less frequently a rainy day than March 4. With a normal temperature of 33, it is also fi degrees colder.

George Washington was the Only other President to be depired of his full term by inaugural arrangements, He lost 57 days because the congress of 1789, scheduled to met March 4, failed to muster a quorum until April. If then declared Washington elected and, an embasary nade a hurried, seven-day journey from New Yurk to Mt. Vernon to give him the news.

It was April 30 before the first President could journey to New Yest, instorins report, grimned and pressured and pressured to the mensure of the first President could journey to New Yest, instorins report, grimned and present and the midway. FARMER BOY

Disorders of Inyroid.

NOT LONG aga I told you about disturbances of the thyroid gland in adults. It was pointed out in the article that overactivity of the thyroid leads to Grave's disease, or exoplinalmic gotter. When the securion of the gland is diminished, a condition known as myxedema develops.

These disturbances of the thy-

develops.

These disturbances of the thyroid may occur in children and young adults. In fact, I venture to say that some obscure child-hood disturbances can be attributed to giandular upacts. Unfortunately, this fact is often overtooked, and the disorder is thought to be a sign of nervousness, anemia or some other common complaint.

Thyroid disease in a child presents a pinture similar to that in adults who suffer from the disorder. Like the adult, too, the disturbance may be the result of an infection, Inflammation or tumor of the thyroid.

Your Health

BY DR. R. S. COPELAND Disorders of Thyroid.

der. Like the result of an infection, inflammation or tumor of the thyroid.

In a child, if there is diminished secretion, it may result in "cretinism". This is similar to myxedema, which occurs in adults. Children affilted with cretinism are dwarfed because of failure in their growth. Unleas energetle measures are taken at once, there may be a permanent mental disturbance. Fortunately, when récognized in its early stages, relief is possible and further damage can be prevented. This is accomplished by giving the afflicted child thyroid extract. Of course, in all glandular disturbances, the medication should be under the personal supervision of a physician.

In some instances the thyroid detilelency may be overcome by taking a thyroid extract; in other cases improvement in health is obtained by the addition of lodine to the diet. This is especially so when the sufferer lives in a so-called 'iodine deficiency area."

There is marked take of fooling in the drinking water and vegetables grown in this section. The Great Lakes district at one time showed a high percentage of machine. This tendency has been overcome by adding lodine makes in the sufferer from thyroid distributions.

The Sad News

No one aho has had to trake his own living and list on an experse account really enjo a along ride in a taxical with a meter in it

The one day each year during the Roose selt admirestration when the whole coun . has thought about the Presidents budge message has been therefore a day of misgi inga

Mr Roosevelt is committed firmly to a policy or free spanding. He believes that in the ullimate accounting his policy will be vindicated by results commonsurate with the investment which has been made

His 1937 budget message covering the fiscal year coding pext Jone 30 and the next fiscal year ending a year from then is in the nature of a final asilmate of the new

deal recovery drives total cost.

In the trained manager the driver has told the apprehensive passenger what he thicks the final bill will be at the end of the ride-if nothing happens

During the next flecal year President Roosevelt believes the national expendi tures will be in approximate belance with income-if nothing happens. During the fiscal year following that the President promises balance will be achieved and the government can begin to reduce its debtif nothing happens

The figures are as follows

The increase in the national debt since July 1 1933 will be \$12487 000 000 by next June 30 Together with the debt existing on July 1 1083 the total indebtedness at that time will be \$35,000,000,000

Regular government operation in the next fiscal year will cost \$5.841,000,000 Emergency expanditures (relief) will be met out of surplus revenue, estimated #1 \$1 335 607 000 plus \$316 000 000 allolled for that purpose. In the budget. Any empreones expenditure over that amount will be in excess of estimated income

The key to budget speculation is of course the fact that all figures represent guesars Furthermore they are liking to represent hopeful guesses. Budget makers have been known to miss the mark by billions of dol lars. An error of a few hundred millions isn t uncommon at all

Therefore the important figure to remem ber is the \$35,000,000,000 which represents the minimum national deficit estimated as of June 30 1937 It will not be less than that it very likely will be as much as a atom araligh molfild

At least \$12,500,000,000 of the probable safficit will be incurred for the recovery cide which the country has been taking since July 1 1933 Most of the remainder represents the costly experience which thu United States gained by participating in the

Glenn Frank la Out

Dr Glenn Frank will give way to some one else as president of the University of Wisconsin

That a definite Legisliy definite is this Names make news and news makes The Frank ouster gets attention because the Labellette dynasty in Wiscon am has been publicled lutensizely. In a state not famed for liberalism the prosident of a state university could be replaced without excitement

But Wisconsin's famed liberalism carries a price-intensive scruting of state affairs for the purpose of steing how practice measures up to theory. The Frank number unfortunately does not measure up favor-

The LaFoliettes professional liberals have let themselves be put on the spot The suspicion is abroad that Dr Frank will be replaced because he is politically unacceptable to the powers that be and liberals are supposed to be above that sort of thing

Perhans the unshot of the whole affair may be establishment of the fact that liberals in politics are more likely to be poli ticians than liberals. In spic of the fact that the board of recents of the University of Wisconsin mus have excellent educational reasons for firing Dr Frink the LaFolletics who ontrol the braid must stand re ponsible as liberals for what the ns politicians caused o happen

crease of \$718.81.000 once 1937
Out of this sum if one 15 In to the social security expanse of \$139.537.000 the
regular activities in 1938 still will cost \$282.
484.090 more than in 1937. This does not
augur well for a balanced budget in 1938
as hoped for by Mi Roosevell breause this
trend of expenses must somehow and some
time turn downward.
In other words expenses for the regular
reliabilishment keep out glowing, and the
trenaury predicts ligger and bigget evenues from taxes on the assumption of bigget
and bigget individual and business profits.
Now thore is another important factor to
be taken inde consideration—the added cost
of commodities to the public and to the govemment listelf due to the way increased
laxes are imbedied in the net estructure
'bould there he a downward fluctuation
in business after the next tree years the
government which has placed such great
faith in income taxes might find (seef) with
a studien jump in the alse of the deficilis—
an event if an oursidering government
coeffic.

The question may also he raised as to

deep againteen and also he raised as to low rapidly the national income can grow if prices rise to a point that diminishes consumption. With a \$1000,000 budget on the part of the federal government and increases due to social security laxes the total cost of federal state and city government in America will more reach the \$0.

Lays Blaims On Industre

If a budget isn't balanced in 1833 it
is to be industry a fault and not by any
remite charce it is to be due to too bureau
crats in Washington who have gradually
increased the expenses for the requisi
establishment taking over sine of the
emergen agencies as permanent ins
tutions for the outla, of federa funds.

The President promises to hold the relief experses to 11.5371.2 (90) for the fiscal
year for on the assumption that industry
will cooperate in employing men and women
from the relief rolls in larger numbers than
during he park year.

Why do not the employers give jobs to
all the peor a now on relief or without jobs?
It must be because they do not feel tha
they can et p. 1 one people and keep
their own fully so in balance of gain
enough to gay the government the taxes
it so sorely in else Many businesses would
like to rimploy more people but the govern
ment ells them they must in effect in
crease fluer costs by shortening hours and
yet not reduce the money in the pay or
velops. Business is asked in effect to
meke a definite lactrase a payroll expense
for the same output and simultaneously the
drygident requests that more persons active meke a definite increase a payroll expense Privilent requests that more persons actually he taken on the payroll. That a a parader of the situation which is not read ily uniterated by the organized groups who want pay increases by means of shorter

ily uniferation by the organized groups who want pay increases by means of anorter hours of work.

I rom now on however the federal government he ones witably interested in profites because it his treame a much more important picturer on a peternlage bash with American tauncesses and individual. The iras business cains the lees tax money is available. The more business oving the more likely the picture of estimated receipts which the treasury has put down on paper will ahow signs of being realized. There is an alternative possibility. Some day like federal government may decide that it knows more about managing American husinesses than du the owners.

Strike Costing Millions.

This has happened in countries where feacism has been introduced. Thus in the United States in re ent weeks many millions of dollars in tux receipts have been lost to the United States government through the stoppage of production in the autom bile industry. The federal government inhough the stoppage of production in the autom bile industry. The federal government ment may not tellah it perhaps but un fees labor and capital can get along and both cooperate to give the tax collector what he needs to satisfy the bireaucrats the government may find it desirable to excelles right contio over both. This de velopment would not be democracy and it is to be deplored but the implications of a tax axisem which depends so largely on profitable operation of twentian business and above all on uninterrupted production in barill, be overlosed as the President Just before the American business and above called richan questions and another chamerican and pope an unprocedent it achedule of expected tax payments.

Platform Pledges

WHEN the Democratic party met in con

WHIN the Democratic party met in convenion at Philadelphia has June it adopted a party platform on which to stand during the campaign.

Party platforms it is said are made to lightered and folgotten. The fact is they don't get much attention. They have been getting even less than usual since the flavor of 1932 when the Domocratic party thanged so many of its positions after election.

However, the marks misseness the adopt of

an many of its positions after election.

However the purely proceeded to adopt a new platform in 1930 and to pledge failth to it. In view of the fact that the 30 platform embodied the policies which the Ropecveit administration had put into effoct it is reasonable to suppose that the party does not intend to ignore it. A new congress more overwhelmingly Democratic than is a predecessor has convened its program of action already has been laid down.

down

Due to the sixle in which the 1946 plat form was written it is difficult to sum marks it by points However by taking sections of the Palform which seem to have been emphasized it is possible to arrive at a 17 point summers which follows 1—The power of government will continue to be used to rid the land of kidnapers and bandile.

2-The thrift of citizens will be sate guarded by testinning gambling in securi-ties to putting brakes upon u e of credit for speculation by outnawing price multi-lation in securities and commodities by te-stilelions on public utilities and by in uring 60 000 000 bank accounts.

3-On the foundation of the social security

3—On the foundation of the social security act the Democratic party will receil a structure of economic security for all citizens 4—Consumers will be protected by decreasing the spract between the price he pass and the price the producer receives 6—Plans for tural electrification and for

o-Plans for turn operation and for cheater power by means of the particular method will be promoted.

Hot Every 4 Years

VOTE reform is a live subject at least once every four years. The rest of the time it is forgotten

time it is forgulten

Elections are not oversthing the idealists
say they are. On the whole they probably
enable the population to express itself. But
behind the general effect are numerous in
equities and sad to say a great deal of
downlight dishonesty.

Interest in vote reform started to cool dawn as soun as the country knew the out come of the national ejection iss! Novem bet it is the joh of vote reformers there fore to try to keep it warm until they can make an impression with their ideas. They must have: must hurry

must burn.

One set of ideas being proposed for national adaption is sponsored by the National Gel-Out The Vote club a non-political organization designed to stimulate interest in public affairs. Its president is Simon Vichelet who has studied political organization for many years. Mr Michelets proposals are as follows.

Legalet propers. Minimum the electrons.

1-Ballet reform Fliminate the electoral college fiction Eliminate the childish pic ture emblems at the top of a ballet Shorten and simplify the ballet.

thre emberns at the cot of a sould started and simplify the ballot.

2—hamploy automatic voting machines in all states thereby ending delay and uncertainty which invite fraud

3—Prompt can usually and reporting of election returns. Wake it impossible for lost boards to hold up return until tollical bosos cru ascortain how many votes they will need to carry their tickets.

4—bational uniformity of registration by any uniform date when all registration ends thereby eliminating the fraud of last minute pudding.

5—Rejeal the poli tax as a prerequisite of the right to vote for states still retain the fell tax a relic of barba ism.

Scott's Scrapbook

The "If" in the Budget Balance BY PAUL MALLON

WASHINGTON Jan 11 — The news behind President Roose velt g budget is not hon far off balance it is or how mu in he will be able to out relief Only sague guesses can be made or these points now.

The one sure thing is that the strongly explanted federal government nell ities he has set up in the past four years generally are to be continued and even further expanded in man lines It is not an economy budget It is a strong central government budget. The appropriations sought for the regular government depailments represent gvernment departments represen further small increases over year and very substantial boosts above last year Its accurate tone may be found

Its accurate time may be found in a comparison of proposed expenditures. This year the government is spenditures. This year the government is spending about \$190000 000. The bulget castle it \$8.00.000 000 but includes about \$600.000 000 for the bonus. Latinutes for next year are \$6.100.000.000 plus no more than \$1.500.000.000 (the hopes) for relief or a total of \$7.600.000.000 ket savings would be \$300.000.000 which is less than what he expects to save on relief alone. In other words Mr. Roosevell is not balancing the budget. Ha is budgeting the balance.

not balancing the budgel. He is budgeting the balance

He is saving a little on relief but not arbitrarily cutting it and outside of rollef he eems to be establishing a permanent \$7,000,000,000 federal government. White House friends capable of explaining Mi Roosevell's theories as he is not really deeply interested in economy or a strictly balanced budget but likes the idea of continued strong lexation to finance a big contral government of approximately present proportions on a more or less permanent basis. He can enfely pursue this pursue colling money into the treasury fortest. are rolling money into the tieasury faster than Mr. Morgenthau can

Expansion

The growth of government contemplated by the new budget may be measured by funds allowed the various departments

The largest increase is for na tional defense Last year the bud set gave 5-64 000 000 for the army

set gave \$754.000.000 for the army and nav. this year \$883.000.000 next year \$831.000.000 next year \$831.000.000. The net in crease is \$21.000.000 or roughly one third more than last year. The department of agriculture is up about 65 per cent in the same three year period interior 20 per cent commerce 60 per cent justice labor and state about 5 per cent tress in 12 per cent. The increases represent all.

The increases represent all phases of varied government work new bureaus more money for old bureaus to the regular departments increased salar es etc 1 sperionee
Three years ago Mr Roosevelt
submitted a budget saying we

What good is dancing to a

should plan to have a definitely balanced budget for the third , ear of recovery. That would have been this year

and few authorities take them very seriously.

Endence of the hazard hes in the

By R. J. Scott

of recovery That acuid have been this year.

Two years ago Mr Roosevelt of fered a hudget which balanced except for expenditures to give work to the unemployed The deficit which resulted as \$1.763.841.567.46

A year ago Mr Roosevelt said without the item of rebet the budget is in balance. The deficit is now heing eatimated at \$2.553.574

This year Mr Roosevelt sabe newill have a sirphus of \$1.125.000.000 without relief or debt retirement if history repeats the deficit should be about a billion.

Guesaing

Washington newsmen suffered acutely from budget befundlement Ar one place in his message Mr Roosevelt said flath the budget was balunced later on he alimited it was unbalanced on an if you naded up his figures the indicated deficit was around 400.000.000 Noone krew what to call it would deficit was around 400.000.000 Noone krew what to call it would deficit was around \$100.000.000 Noone krew what to call it is fattement could be made unless pieceded with an if.

Apparently this is the main purpose of budgets these days not only in the United States but in foreign nations. The era of serious budget making seems to have passed. Their general estimates are ago only to about a 5 per cent increase the budget with an if.

Apparently this is the main purpose of budgets these days not only in the United States but in foreign nations. The era of serious budget the serious budget the serious budget the serious budget the serious budget than a first the serious budget that the first possible processes and the last few years He was airly about \$300.000.000 for 1935 and underestimating \$200.000.000 for 1935 and Enderice of the hazard lies in the trouble which Mr. Roosevelt has had with his budget estimates of the last few years. He was airly good on receipts overection the paper of the last few years of the last few years and the second sound receipts of the last few years of the last few yea

VISITORS AT CALVARY

Dr. Paul S. Rees Preaches Morning and Night at Marion Church.

Visitors from Mt. Gilead and other communities were included in the largest audiences of the week yesterday at Calvary Evace of Kansaz City, Mo. spoke in the morning on "When Fades the Romance of the Soul" from the text, Rev. 2:4. "I have this against thee, that thou didst leave thy first love," and at night on "The Two Doors," Christ's door as described in the parable of the Ten Virgins, and man's door, as pointed out in Rev. 3:20.

Like the church at Ephesus, churches and individuals today work and are characterized by certain outward excellencies, used se coatly activities, loyalty to terms.

as costly activities, loy-forms, refusal to felloweb

forms, refusal to fellowship with evil men, denying of membership in the church to "Mr. Moneybage" when his life is a stench, and yet may have inner defects which cast a shadow over all of that, Dr. Rees said in his morning sermon.

"That 'tirst love' fades when we fail to nourish it, when we violate the spliti of love, when we give ourselves to questioning which leads to brooding, later to murmuring and ends in bitterness," he said, "First love' fades when we yield ourselves to alien loves, But, yield ourselves to alien loves, But,

said. "First love' fades when we yield ourselves to alien loves. But, there is hope for those whose love has faded: 'Repent and do the first works."

At night he said: 'There is a suppliant at each door: Christ at man's door, man at Christ's door, Christ pleads for attention and promises to come in when man will let Him in. He gives His presence, a joyous fellowship and a victorious life.'

The preaching mission will continue each night this week at 7:30, except Saturday. By making an appointment with the pastor, Rev. J. W. Heininger, persons may consult Dr. Rees as to spiritual difficulties.

Class pight will be absorbed by

culties. culties.

Class night will be observed by members of the Mizpah class Tuesday night when they will sit in a body. A portion of the church auditorium will be reserved for the class. the class.

naking ham to the brown bread and stan- mixed mustard, pickles or

in he stanmixed mustard, pickles or olives,
celery curis, a fresh green salad,
tarts for dessert, or fruit, cookies
and piping hot ceffee, and no complaints will be filled.
There is no excuse for beans
to be labeled "indigestible," when
they are soaked over light, parboiled, then simmered gently, and
finally baked very slowly with
ample liquid. The choice of seasonings can be determined by insonings can be determined by in-dividual tastes, but I personally helong to the mustard-onion-mo-lasses and salt pork school for

lasses and sall pork school for 100 per cent beam. Gingerbread, served plain or with whipped cream, is another excellent suggestion with beams, brown bread and coffee. It you hesitate to attempt the steamed bread, an excellent loaf can be made with sour milk and soda, using fifty-fifty proportions of white and graham flour.

Be Original

Be Original

Originality should rule the choice and preparation of the healthful green valued at informal suppers. The market abounds with watercress, endive, chicary, celery, tomatoes and crisp redishes, and some shredded or diceul raw carrot will add color and food value.

The growing popularity of such salads is reflected in a gayly-dec orated new salad matter, which encourages the art of unking your-own directly on the table.

This perfect contrivance includes the large wooden or pottery mix-

large wooden or pottery mis ing bowl, sait and pepper containers, and glass bottles for oil and vinegar. Rub the howl with i bud of garlic before bringing li on the table. The mixing spoon and fork are paired with most o

the bowls.

Stuffed olives are an excellent addition to many vegetable salads, and some cooks like to cut up a little Roquefort cheese in the salad. Hard-boiled eggs may be prepared in advance, and all salad greens should be thoroughly washed and crisped in the refrigerator.

Two Different Methods Used for Baking Beans

New York and Boston cooke differ on the correct method for baking beans almost as radically ping the soda into the sour milk, as on the subject of clam chowder. Four into a greeaved loaf 'thin and The New York style omits mon lasses, or brown sugar. Both for a second safte on the necessity for sall pork or fat bacon.

Pick over one pint of pea beans, every with cold water and soak stowly in a moderate over with sold water and soak stowly in a moderate over sall pork or at ieast 40 minutes.

It is worth while to buy a small be used in almost any muffin rescover with cold water and soak overnight. Drain, cover with fresh water, heat slowly. Some cooks

schools agree on the necessity of sall pork or at a bacon.

Pick over one pint of pea beans, cover with cold water and soak overnight. Drain, cover with fresh water, heat slowly. Some cooks like to add a tiny pinch of soda, pouring off this first water, and rinsing thoroughly the moment the beans reach the boiling point.

Cover with fresh warm water and simmer slowly until the skins are ready to burst. The usual test is to blow on a few beans held on the tip of a spoon.

Add one small onion, chopped fine, two level teaspoons salt, one-half to three-fourths pound fat salt pork, a sift of pepper, one to two tablespoons molasses, according to taste, one-half teaspoon mustard. If desired, and one cup bolling water. Add more water as meeded, during cooking. If the meat seems extremely salty, decrease seasoning in proportion.

Cover bean pot or baking dish and bake four to six houre verry slowly (250 degrees Fahrenhelt), uncovering during the lest hour to crisp the meat. For a larger quantity, use one quart of beans. Some cooks use sugar, as well as molasses. Maple sytup or brown sugar may be substituted. The

molasses. Maple syrup or brown sugar may be substituted. The

molasses. Maple syrup or brown sugar may be substituted. The strained juice from one can of to mateer may be added, if liked.

Batton Brown Bread

Perhaps you feel sufficiently energetin to attempt a nourishing batch of steemed Boston brown bread for variety. This dependable recipe makes two loaves:

One cup rye meal, or white flour; one cup cron meal; one cup coarse entire wheat flour; three-fourths teaspoon safe; three-fourths cup molasses; two cups som milk, or one and three fourths cup sweet milk or water. Mix and sift dry ingredients, add molasses and milk, stir until well mixed and fill well greased mold ont more than two-thirds fuil.

Cover closely and place mold on three fourths cup sweet milk or water. Mix and sift dry ingredients, add molasses and milk, stir until well mixed and fill well greased mold ont more than two-thirds fuil.

Cover closely and place mold on three three milks with the boiling water, allowing water to come to the halfway point around mold. Cover closely and steam three and one-half hours, keeping water at the boiling point. Add more boil-

Cover closely and steam three and one-half hours, keeping water at the boiling point. Add more boiling water as needed.

In steamed pudding molds, steam one and one-half to two hours. Take from water, remove cover and set in slow oven (300 degrees F.) 15 minutes to dry off. Remove from mold. Cut with string while hot, by drawing string while hot has drawing string.

ins to the second hall helre pouring into mold. One-fourth cup finely rut candied orange peel also
gives a delicate flavor.

Boston Brown Bread may be
steamed in a double boiler with
satisfactory results. Grease top
part and fill half full of batter.

Famous Inaugurations Spectacular Ovations To "Military Presidents" Have Helped Enshrine Famous "Avenue," Now Awaiting Jan. 20 Ceremony

THEODORE ROOSEVELT'S BIG SHOW

A conquering here in top form was Theodore Reosevelt when he mounted the rostrum March 4, 1905, to deliver his inaugural after receiving a great evation from a line of marchers who ranged from wild west cowboys to Harvard students.

OLD HICKORY'S DEMONSTRATION

When Andrew Jackson was inaugurated in 1829, crowds came for bundreds of miles to see their hero-and then created such a wild melee at the White House that the old warrior himself fled to avoid injury. This is an artist's conception of the scene from Century magazine, courtesy of B. Appleton Century Co.

That quadrunial book mark in our political history—the Freshwardtel tamagaration—has been ase of American most interesting event aince the days of the republich bette. With mostler insugaration about to take place, Associated Arabide Market Service varies, resulting the same of the

By 41.EXANDER R. GEORGE AP Feature Service Witter.)

WASHINGTON, Jan. 11.-When Franklin D. Roosevelt rides lown Pennsylvania avenue to the capitol Jan. 20 for his second inauguration, he will be going over ground hallowed in the history of

the nation.

For almost a century and a half for almost a century and the day-by-day flow of humanity on "the avenue" have mirrored the march of the republic from Jefferson to Lincoln, to Grant, to Roosevelt, to Wilson, to Heover, and to the second Roosevelt. Washington was inducted into the presidency in New York and in Philadelphia white John Adams also was inaugurated in the Quaker City.

Street of Dignitaries. Street of Dignitaries,

Street of Dignitaries.

Potentaies and princes as well as presidents and national heroes like Admiral Dewey and Charles.

A. Lindbergh have passed down the avenue in the pageant of America's progress. Statesmen of the young republic in short breeches and slik stockings walked in its dust and mud; so too did the great of congress like Webster, Clay and Calhoun and frontiermen of the Daniel Boone and Kit Carson ergs.

The avenue has echeed to the

Caison eras.

The avenue has echoed to the tramp of soldiers of the Revolution, of the Mexican, Civil, Spanish and World wars. The rebelyell, the whoop of Indians, they hyphy for cowboys, and the cheers of youthe who were to eleep foreer in Flanders fields have reverberated from the old buildings that flank America's No. 1 thoroughfare.

Three of the most colorful in-Three of the most construint magurations were those of Andrew Jackson, Ulystee S. Grant and Theodore Roosevelt, all military men. Jackson's inauguration was the occasion for much whoopen by the people, "some in finery and some in .rags" who idolized the genile barbarian from frontier Tennessee.

They Rioted for Jackson.

When Old Hickory took the oath of office, exactly 100 years before Herbert Hoover did, crowds came

FRANKLIN D. ROOSEVELT'S FIRST INDUCTION

inauguration parades like this one Franklin D. Rosevelt reviewed March 4, 1933, are the order of the day when a president legins his term. Swinging down Constitution avenue, the murchers are about to enter Pennsylvania at the junction of the two historic streets.

ating masses, women finited and ten were seen with bloody noses."

Vets Turned Out For Grant, Grant rode in an inaugural procession which was hailed as the realest military dispiny the capal had ever witnessed. Many fallow the parallel for three and a half hours. Some 35, 100 men merched past the reviewing of soldlers of the way of 1812 rere in the procession. The old varriors of 1812 ride in a lavish.

A band of cawboys dustied up. uen were seen with bloody noses."

Vets Turbed Out For Grant,
Grant rode in an inaugural procession which was hailed as the greatest military display the captian had ever witnessed. Many famuus Civil war regiments, a battallon of Mexican war veterans and 30 soldiers of the war of 1812 were in the procession. The old warriors of 1812 even in the procession.

inlion of Mexican war and 39 soldiers of the war of 1812 were in the procession. The old warriors of 1812 rade in a lavishing decorated omnibus dinwn by six white horses.

Grant himself disappointed many by falling to wear his general's uniform. He worm a severely plaint linke sult, rode in an open carriage through lances of widly electrically and the capitol his little daughter Nellie slipped away in the lawing the cheering people. At the capitol his little daughter Nellie slipped away in the lawing the last few minutes of his inaugural address, and the state of the inaugural address, and the state of the languard address, and the languard address, and the state of the languard address, and the languard address and the languar licibert Hoover did, crowds came in wagons and carts from 500 miles to get a glimpee of their from her mother and held her from her sharped a demonstration at the white House eo wild that the doughty old warrior himself fled to avoid injury in the surge of admirers to his side.

"The rabble fell on the refrash ments, jostling walters as they appeared at the doors and breaking china." said a critical eyewitness, they display he so greatly enjoyed.

In the procession were old and young war veterans, compunchers, Indian braves, governors, generals, college students, merchants and college students, merchants and laborers, Fillplinos and Porto

DUNCAN PHYPHE

Mr. Phyphe was a good furniture designer. So good, in fact, that his influence will be felt for years to come. If your taste runs to simple lines gracefully and delicately proportioned you'll, no doubt, full in love with the Duneau Phyphe dining suite that just came in. Why not drop in and see it?

LOOK Toward the FUTURE

PLAN now, the things you're going to do. Lay the foundations for a solid future, for progress, for security. Plan carefully, on the advice of men whose fives have been devoted to building for the future for hundeeds of others like yourself! The services of our staff and the facilities of this bank are always at your disposal.

GARBO AND TAYLOR TURN IN SPLENDID PARTS IN "CAMILLE"

The deathless characters of "Camille," masterpiece of Alexander Dumas, come to life once more in Hollywood's version of the famous novel, showing at the Palace through tomorrow. Greta Garbo, as Marguerite, the isdy of the ca-millias, renews her claims to dismillias, renews her claims to distinction as a great actress which inciden as a great actress which could be seen as a supporting of the most convincing roles in his brief career.

In the supporting cast are such established stars as Lionel Barrymore, Elizabeth Allon, Jessie Ralph and Lenore Uiric, old lime screen stren.

"Camille," written in 1848 and concerning one of the gayest periods in France's bistory, is the tale of a coquette of the times when such ladies ruled emperors and noblemen. Marguerite is the lady who is the favorite of a wealthy nobleman, Baron de Varville, while Armand is a youth of the middle classes who is attracted to her and nearly rulns his career for his love. "Camilla," written in 1848 and

Accustomed to living in splendor Accustomed to living in splendor from the largease of the Baron, Marguerile, who has succumbed to the innocence and sincerily, of Armand, is torn between her love for gaiety and her deep desire to be truly happy. Unfortunately an-other factor enter—as Marguerite is gradually weakened by tubercu-losis.

Marguerite and Armund finally are able to break away from the vicious Paris life and settle in the country, but not for long. Armand's father persuades her to give up his son for Armand's sake. Embittered son for Armand's sake. Embittered when she leaves him, Armand becomes involved in a duel with the Baron and is forced to leave France. Marguerile, deserted by the Baron and virtually all her friends, retires to privacy and slowly nears death.

The closure scene the Assist of

The closing scene, the death of Marguerite, one of the most famous in dramatic history, is splendidly portrayed by Miss Garbo and Mr. Taylor.

Included in the bill is a news reel, a short subject and this, month's issue of the March of Time, dealing with Women in Business' and the far materia political cituation.

Coming Wednesday is
